

NUBTK Fall CS25

Six-Month Academic or Non-Academic Support Program

Department of Computer Science and Engineering

Northern University of Business and Technology Khulna

October 2025 – March 2026

Contents

1	Week 01	3
1.1	Class I	3
1.1.1	Topics	3
1.1.2	Assignment	3
1.1.3	Next Class	3
1.2	Class II	3
1.2.1	Topics	3
1.2.2	Assignment	3
1.2.3	Next Class	3
2	Week 02	4
2.1	Class I	4
2.1.1	Topics	4
2.1.2	Assignment	4
2.1.3	Next Class	4

1 Week 01

1.1 Class I

1.1.1 Topics

1. Introduction to Computer Science and Engineering
2. Objectives of this program
3. What is a programming language?
4. Why do we use programming languages?

1.1.2 Assignment

- 1.

1.1.3 Next Class

1. Programming Environment Setup

1.2 Class II

1.2.1 Topics

1. What is a code editor?
2. Different types of code editors.
3. What is a compiler?
4. Why do we need a C compiler?
5. How to set up a C compiler(GCC)

1.2.2 Assignment

- 1.

1.2.3 Next Class

1. Problem Solving Basics

2 Week 02

2.1 Class I

2.1.1 Topics

1. What is a computational problem?
2. Why do we need problem solving skills?
3. What is competitive programming?
4. Why is competitive programming important?
5. How to create an account on Codeforces
6. Introduction to the C programming language

2.1.2 Assignment

1. Create a Codeforces account and explore the interface.

2.1.3 Next Class

1. Basic Structure of a C Program
2. Hello World in C
